NOTE 2.—The still-head duty payable to Government for Arrack of 20° under-proof by Separate Shop-keepers and Vend Farmers is Rs. 4-12-0 per gallon, and the retail price thereof payable to the latter by the consuming public is Rs. 6-6-0 per gallon or two annas per dram, which is equal to $\frac{1}{51}$st part of a gallon. The rates of still-head duty and retail price of single-distilled spirits of greater or less strength than 20° under-proof, will be calculated proportionately upon the rates for 20° under-proof, in accordance with Casella's Rules. Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the manufacturing contractor shall not be entitled to claim any compensation for loss on account of such alteration. When any liquor other than ordinary Arrack manufactured in pursuance of this privilege or any liquor falling within the definition of foreign liquor is supplied by the contractor for sale within the Civil and Military Station, the duty chargeable thereon shall be assessed at the rates leviable for similar liquor of similar strength under the Tariff Act, I of 1906.

NOTE 3.—For double-distilled or rectified spirits of all strengths, the rates of still-head duty will be calculated proportionately upon the rate for 20° under-proof, in accordance with Casella's Rules. But for these spirits as well as for other special liquors manufactured at the Government Central Distillery, Bangalore, or other place approved by Government, both the manufacturer and the licensed vendor will be at liberty to fix their own prices.

NOTE 4.—The present contractors are reported to have, up to the end of January 1907, incurred an expenditure of Rs. 73,253-4-8 on account of plant put up.
